Welcome to the best public Table Tennis Camp in the world.
The camp is a symbol of how people can enrich each other across differences.

B75 INTERNATIONAL TABLE TENNIS CAMP 2025

Aabybro, Denmark 4 to 19 days from July 10TH - July 28TH

WORDS FROM COACHES AND PARTICIPANT:

"So many players come to our camp because it is the only place where a player can work so close to so many competent coaches. We had players who experienced a development far beyond their wildest expectations. We have players who come to this camp because it is much more than Table Tennis. It is a privilege as coach working at this camp."

The coaches.

"This one week at your camp has been the best experience I had in the whole last years. Emotional, human, togetherness, learning and exchange with a lot of different people from different countries, cultures and with different histories and a lot more I can't describe with words. And I didn't even play. Thank you for the opportunity to be a part of that experience. My son asked me if we can go for two weeks this time. I wish you the best."

Regards Jan from Finsterwalde/ Germany

Kind words from a player:

"I would like to express my views on your B75 Table Tennis Camp. The whole experience of being part of this camp has had a huge positive impact on me. I had never imagined that such an environment existed where there is so much positive energy and respect for each other. The warmth felt by all players from your volunteers and coaches was an experience which can not be described in few words. This camp has managed to put together a small community which can coexist without any differences or barriers. In this day and age it is almost difficult to achieve what is done and I can only compare the camps philosophy with such great souls like M K Ghandi / Nelson Mandela. I have certainly gained a lot in terms of my Table Tennis skills which would not be possible without this Camp. I was also well impressed with the politeness of our team og coaches and couldn't believe that no one ever raised their voices which is a common occurrence in our society. Please pass on my special thanks to Martin for his hard work and looking after me."
